

# YASH BHARADWAJ

Delhi, India

☎ +91 83684 29819 ✉ [bharadwaj465@gmail.com](mailto:bharadwaj465@gmail.com) [in linkedin.com/in/YOUR-HANDLE](https://www.linkedin.com/in/YOUR-HANDLE) [github.com/yash2k26](https://github.com/yash2k26)

## Technical Skills

---

**Languages:** TypeScript, JavaScript

**Frameworks/Libraries:** React, React Native, Next.js, Expo, Node.js, GSAP, Three.js, Tailwind CSS, Framer Motion

**Databases/Tools:** PostgreSQL, Figma, Rive, Xcode, Git, Auth0, RevenueCat, TanStack Query

## Experience

---

### Talkamore

April 2026 – Present

*Founding Engineer*

*Remote*

- Built and designed the product end-to-end across web and mobile, shipping to both the Apple App Store and Google Play Store.
- Own the core backend and system design, with a focus on scalability and real-time features.
- Ship production features in a fast-moving early-stage team.

### KraneApps

September 2025 – April 2026

*Design Engineer*

*Remote*

- Designed and shipped polished, production-ready interfaces across client web and mobile apps.
- Built reusable component systems and motion-led interactions used across projects.
- Partnered with founders to turn rough ideas into fast, tactile product experiences.

### Superteam

May 2025 – Present

*Member*

*India*

- Building and shipping in the Solana ecosystem with the Superteam community.
- Participating in hackathons, bounties and collaborative product builds.

## Projects

---

**Talkamore App** | *React Native, Xcode, TypeScript, TanStack Query, Auth0, RevenueCat, PostgreSQL*

- An AI journaling companion live on the Apple App Store. Chat with a personal AI that remembers past entries, surfaces throwbacks, and turns daily conversations into a private, encrypted journal. Features streaming chat, Auth0 sign-in, paywalled premium tiers via RevenueCat, and paper-journal scanning.

**Dyson Landing Page** | *Next.js, React, Tailwind CSS, Motion* | [Live](#)

- A cinematic Dyson-inspired landing experience built with Next.js, React, Tailwind, and Motion. Uses smooth scroll-driven storytelling with frame-by-frame hero visuals, premium text reveals, and immersive product highlight sections to present headphone features in an Apple-like, high-end style.

**PredictPro** | *Next.js 15, React 19, TypeScript, Tailwind CSS v4, Turborepo, pnpm, Node.js, Express, WebSockets, Recharts, Framer*

- A real-time aggregator that pulls and displays prediction markets from Polymarket and Kalshi in a unified feed. Browse, filter by venue, sort by volume/liquidity/price, and view probability charts for individual markets.

## Education

---

**Birla Institute of Technology and Science, Pilani**

2025 – 2029

*Bachelor of Science in Computer Science*

*Pilani, Rajasthan*
